

Make Your Research Outputs Open Broadly!

In February 2024, the Cabinet Office announced the “[Basic Policy on Promoting Open Access to Publicly Funded Scholarly Publications and Scientific Data](#)”^{*1}. Immediate Open Access (OA) to research outputs (peer-reviewed academic papers and evidence data) funded by grants such as Kakenhi will be mandatory for newly solicited projects starting in FY 2025.

*1
(In Japanese)

There are several ways to make your research outputs open access, such as registering them in an institutional repository and paying an article processing charge (APC).

OA is expected to improve the impact of your research and to dedicate your achievements to the public. We would like you to answer the survey in order to promote OA policies and to enrich support services at Kyushu University, understanding what you need.

Open Access Survey

Survey Subjects

Faculty members & Doctoral students
at Kyushu University

Survey period

From **Thursday, December 19, 2024**
to **Friday, January 24, 2025**

Survey URL
