

(1) 【Document Delivery】 Application Sample

The screenshot shows the library's interface for document delivery. The top navigation bar includes 'Collections', 'Libraries', and 'Login'. The main content area displays the details for the document '大蔵省年報' (Daijishō Nenbō), including its responsibility, material type, publisher, and language. A callout box points to the 'Copy' button in the 'Request Memo' column of the 'Holdings' table. Below the holdings table, there is a section for 'Holding volumes' with a table listing individual volumes and their details.
