

Are these compounds totally new?!

Get the structural formula of the additives and drugs?

Get information for related reactions or structural analogs?

How SciFinder helps us anyway?

Patent... oops, how should we search it?

Here's where
you start!!

Workshop for Effective Search in Chemical Information

- Get involved with SciFinder!
- Get information on compounds or sequences!
(Organic & Inorganic Compounds, Polymer, Alloy,
Metal Complex, Protein, Nucleic Acid, etc.)
- Get articles on your research topic or
patent information properly!

Date	Time	Place
Friday, 13 th June	13:00 - 14:30	【Hakozaki】 Information Salon 2, Central Library

<How to Apply>

Library HP > Events > Workshop for Chemical Information
